

NEACT

Expanding the Toolbox for Teaching Chemistry

Online Conference

**Monday August 10th –
Wednesday August 12th, 2020**

Join other science teachers from around the country for an **innovative, friendly, virtual conference**. Middle school, high school, and college educators welcome!

More information available at www.neact.org

Keynote Speaker

Kerry Emanuel

MIT Cecil & Ida Green Professor of Atmospheric Science
Co-Director of the Lorenz Center

Dr. Emanuel is a prominent meteorologist and climate scientist whose work has explored the role of climate change on hurricane activity. He co-founded the MIT Lorenz Center, a climate think tank which fosters creative approaches to learning how climate works.

Intimate workshops on classroom & virtual learning

Raffles

Small group break-out sessions

Practical class strategies

Coffee House and Happy Hour meeting rooms

Presentations from online services and vendors

Affordable registration fees
(scholarships available for first-time attendees)

Run by teachers like you!

Submit a proposal for a workshop or talk at <https://bit.ly/neact2020>

Keynote Speaker

Kristen Kulinowski

Director of the Science and Technology Policy Institute at the Institute for Defense Analyses

Dr. Kulinowski is former acting head of the U.S. Chemical Safety Board, an independent federal agency charged with investigating chemical accidents. She has expertise in chemical and materials sciences, occupational health and safety issues, risk policy, nanotechnology, and research administration.
